## PERSONAL PROJECTS

---

### **CMS based on custom PHP framework**

Multilingual full functional CMS (Hanguyc CMS) which is privately used for building over 100 business, e-commerce and other specific constructed websites.

### **Social network based on open source platform**

HyelD, Armenian Identification Card social network.

### **Full custom PHP, MySQL Social network**

First Armenian social network (hnet), created in collaboration with the Ministry of Diaspora RA. Around ten other professional networks were created based on that source code.

### **Armenian Search Engine - Hanguyc HSearch**

The project was launched in 2009. The system had been created by analogy with Yandex (Yandex Search, Yandex Direct), Google (Google Search, Google Ads) and others. The search engine was focused on unifications of Armenian language specifications and fonts, spell-checking, transliteration from the Latin and else.

### **Other innovative projects at Hanguyc**

Online TV portal with custom built video player, Web business directory, Music download portal, Online radio channel's player, Online meeting classrooms with interactive blackboard and projector (AybBen) and else.

### **NT.am news agency**

Website and news application for a news agency and TV holding. There is a custom developed admin page with a lot of functionality.

### **LPS - Local Positioning System**

lps.itmedia.am - Research project at CSA IRIT.fr with collaboration to CNES France. The project is an alternative for GPS to localize moving objects, e.g. robots or drones.

### **E-commerce websites**

Jontebly.com, Hollywood-n-vine.com - cosmetic shops based on Shopify and Open Card.

Laki.am - cake shop based on custom code.

Clears-usa.com - shop based on Wordpress Woocommerce.

### **Business websites**

Chinaarmenia.am - Armenian China Fund, Lawyer.am - Investment Lawyer Group,

ULS.am - Logistic and warehousing company, CPS.am - Gas Stations Network,

UNICEF - MOH - Organization website, EEN Armenia - European Commission Network,

ArmenianSocietyofLosAngeles.com - Nonprofit organization formal website,

and other more 100 projects and websites.
